

Pad Printing Machine

- PLC Based 4 Color Pad Printer

Features

- Electro-pneumatic machine with electronic control of the axes,
- Manufactured to satisfy any printing need on large items up to 4 colors
- Aluminum Magnetic Ink Cup
- Ceramic rings for a printing area of 120mm diameter
- Axes movements are controlled by PLC
- User Friendly touch screen interface for easy programming
- Servo Motor Shuttle for fast and accurate and multi-color printing.
- Multi Language Display
- Easy and accurate working table adjustment
- Automatic Error Finder
- Coated aluminum parts for rust protection
- Made of light & rigid aluminum
